

LANGUAGE WEEK

3-9 APRIL 2023

OUR EXPERIENCE

We chose to present a game to the students in Seconde, named "Jeopardy". In this game, the players had to choose categories such as: food, flags, symbols, celebrities etc in order to guess the languages referred to. Our performance was great, we were comfortable and had fun. The students reacted in a positive way: they were interested and seemed to have fun.

This game allowed them to discover the languages in different countries. We were very satisfied with the project because we worked for a long time to make something adapted to the Language Week. The students looked cheeful with the presentation and so did we. The winners were happy to receive candies.

WHAT IS NATIONAL FOREIGN LANGUAGE WEEK?

EVERY YEAR, SCHOOLS CELEBRATE NATIONAL FOREIGN LANGUAGE WEEK TO DISCUSS THE JOYS OF LEARNING A NEW LANGUAGE AND TO BRING AWARENESS TO THE IMPORTANCE OF STUDYING FOREIGN LANGUAGES.
